Village to Conduct Sewer Smoke Testing

The village will be conducting sewer smoke testing some time between September 26th and October 7th. The village has contracted this work to Visu-Sewer. They will place door hangers on every house a day or so before the testing in that area. We will send out a phone call to all the phone numbers in our utility billing data-base a day or two before the testing in your area. Be sure to pour a gallon of water down all rarely used drains/sinks in your house. The smoke is not toxic. During testing smoke will come out of your sewer vents on your roof. The purpose of this test is to find leaks in mains and service lines. Visu-Sewer will be accessing all the manholes in town during this time. This project will help us to find cracks in lines where rain water might get into the system. Also it may help homeowners find problems with their plumbing system.

Newsletter Information

We will advertise events for any non-for profit organization in the Hecker area. We can not guarantee that all of the information can and will be published depending on size and content.

Please submit any requests to the Village of Hecker via E-Mail: newsletter@hecker.illinois.gov by the 7th of each month. Please call 473-2300 Ext. 12 with any questions
