We Support April as National Safe Digging Month

Citizens & Utility Costumers,

During the COVID-19 Pandemic we are diligently keeping your village services such as water, sewer, & trash pick-up operating normally. However the safety of all of you and our employees & contractors is a priority. In the absence of toilet tissue please do not flush any other items down the toilet, this will likely cause a sewage back-up requiring plumbers to have to enter your residence and compromise the safety of you and them both. So please just don't flush anything other that toilet tissue down the toilet. There will be small changes to keep everyone safe whether it be restrictions in office access or delaying some non-essential services. We ask that you abide by the governor's orders to stay at home & social distance your self's. Stay safe!!!   Charles W. Kujawski, President
