## NOTICE

Due to mandated testing by the Illinois Environmental Protection Agency the village will now be testing our drinking water for Mono-chloramine, Di-chloramine, Free Ammonia, Total Ammonia, Nitrate & Nitrite. This is all above our previous Total Chlorine & Free Chlorine testing. With this added expense the village board has found it necessary to increase water rates effective January 1st (Payable in February). Visit [hecker.illinois.gov/utilities/](http://hecker.illinois.gov/utilities/) for more information.

## Reminder

**To help with keeping our streets plowed during snow storms : Please keep vehicles off-street when possible when snow storms are predicted.**
