May 12, 2023

Thanks!

The Village of Hecker experienced a tornado on April 15 that caused significant structural, utility and tree damage in the village. After the storm passed, we received immediate assistance. This help continued until things were back to normal in the village. We would like to thank state, county, and local agencies for their immediate response. We will be forever grateful to the utility crews, businesses, friends, neighbors and farmers who came to our aid and helped to maintain safety for our residents and visitors.
