Volume 11 Issue 12

December 13, 2023

Calling All Local Hecker Businesses!!!

The Village of Hecker will be compiling a business directory list. We will submit this list annually in our January Newsletter. Please submit a brief description of your business, contact information, business owners or representatives, address, and any other important information. Please submit information to info@hecker.illinois.gov

Utility Rate Increase

The village is required by law to have all utility type funds (such as water and sewer) to be self-sufficient or collect all that is needed to operate. In the last two years we have seen maintenance costs, especially those with material expenses, double in price. We plan on recoating the water tower in 2024 and the projected cost is 500% higher than our last recoat in 2006. Therefore there will be a very noticeable increase on your water rates effective January 2024 (payable February 2024). Sewer rates will see a much smaller increase. Customers' can help keep maintenance cost down by discontinuing the flushing of "Butt Wipes". These wipes cause regular failures at the treatment plant. The new rates can be viewed online at... hecker.illinois.gov/utilities

Billing: 618-473-2300 Ext.11
Service Problems: 618-473-2300 Option 2

Santa Has Come to Town

Santa came to town on a firetruck on Sunday, December 10th and then visited with kids at the Hecker Community Center.

*The Village of Hecker president, trustees, officials & employees
wish each and every one of you a very
Merry Christmas & Happy New Year*

To help with keeping our streets plowed during snow storms : Please keep vehicles off-street when possible when snow storms are predicted. Thanks for your help.

It may say "flushable," but it probably *isn't*.

They clog pipes and cause messy sewer backups — in streets, businesses, and possibly *your home* — costing *you* money.

Use the trash unless it's toilet paper.
